University Education

- Veterinary Medicine Doctorate: Tehran University, 1977
- Master Of Public Health: School Of public Health, Tehran University, 1982
- Specialty Of Virology: School Of Public Health, Tehran University, 1982
- Specialty of Clinical Medical Laboratory Sciences, Iran university Of Medical Sciences, 1991

Thesis

- Evaluation of Measles vaccination among six-month-old children in Iran
- Evaluation of oral Polio vaccination in rural areas of Booshehr Province

Honors and Distinction

Distinguished virologist of 2002 by Iranian Medical Association

Academic Appointment

1985-1995 Assistant Professor (School of Public Health, Tehran University of Medical Sciences)

1995 Associate Professor (School Of Public Health, Tehran University Of Medical Sciences)

2003 Professor (School Of Public Health, Tehran University Of Medical Sciences)

Professional Activities

- President of Iranian Society for Virology for a period of two Years (2000-2002)
- Secretariat of the first Iranian congress of virology (2002)
- Member of virology board in the Ministry of Health, Treatment and Medical education
- Director Of WHO National Influenza Center Since 1987
- Head of National Measles Center Since 2002
- Head of Virology section since 2006

- Member of national committee of influenza

- Being chosen as one of the three laboratory specialist for the “Strengthening Laboratory Capacity for epidemic Prone Diseases” by the WHO Lyon/CSR Office (2001)

Supervising of thesis

9 Ph.D.
5 M.P.H.
58 M.Sc.
